Design – Adobe Photoshop, Material Design Principles

TECHNICAL PROJECTS:

Vision Board App, team project – https://visionboard-app.herokuapp.com/

- Full stack application using PostgreSql, Express, React, Node & Material-UI for styling to create a canvas app that implements a straightforward user interface for users to store and organize images, text and other items that inspire them.

Mental Notes Therapy App – https://mental-notes-therapy-app.herokuapp.com/

- Full stack application using PostgreSql, Express, React, and Node with full CRUD functionality, session validation with JWT, encryption, Reactstrap, form validation.
- Intended for use by individuals with guidance from their mental health provider; allows users to keep track of important events, insights, or behaviors between appointments to better track progress in therapy or counseling.

CodePen – https://codepen.io/LAnthony

Pokemon Weather Web App – https://lea-poke-weather-api-app.web.app/

WORK EXPERIENCE:

Junior Associate – Internship - Rural Sourcing Inc. - Fort Wayne, IN - May 2021 – August 2021

Frontend Development Internship at Professional Services Company Rural Sourcing, Inc., which consisted of a hands-on, agile team-based software development project.

- Designed and implemented UI for a colleague dashboard (personnel management/info app) - potential frontend for a Human Resources Information System (HRIS) with 3 user roles, & 7 distinct user views.
- Worked with 3 backend developers & 1 QA teammate across 3 time zones, to produce working software in less than 90 days (12/1-week sprints) beginning with creating a backlog from a mock-up/problem statement and culminating in an intra-company presentation of MVP and stretch goals.
- Used Agile/Scrum methodology, held daily stand-ups, as well as weekly demos & retrospectives;
- Completed backlog development, refining, and grooming given only epics & select user stories.
- Utilized Visual Studio & SQL Server Data Tools, VS Code, Chrome Dev Tools, Jira, GitLab, React & Material-UI.

First Merchants Bank - Muncie, IN - September 2016 – July 2021

Team Lead, Loan Servicing - September 2019 – July 2021

- Trained all new team members over the course of 2 years when the team grew from a single maintenance associate to 4 associates and 2 specialists.
- Acted as point person for inter-department projects, including revamping the Credit Bureau reporting process and troubleshooting errors with Federal Investor Reporting Reconciliation.
- Led the loan maintenance procedures project for archiving unnecessary procedures, updating procedures which were outdated, and writing procedures for newer processes.
- Developed the daily reporting process to accommodate Freddie Mac Investor Reporting Change Initiative: a project which included developing the process, creating custom worksheets in Excel, testing outcomes, and writing a comprehensive procedure handbook.

Loan Servicing Specialist - March 2019 – September 2019

Loan Servicing Associate - March 2018 – March 2019

Service Associate/Teller - September 2016 – March 2018
